

How Do You Thank People?

Notes
Hugs
Talks
Smiling
Cookies

We are so grateful for the veterans and active duty military that proudly serve our country. This Veterans Day, think about how you thank those around you. Thanking someone can be done in many different languages and can even without words. Thanks can be shown with support and friendship or a comfy meal and a thoughtful conversation. Share how you show thanks by filling in the acrostic below like the example to the left. Use words that describe how you thank people. We welcome you to share your acrostic responses with cpam2@houstonmethodist.org!
